## **Elections Reimagined**

The New Voter Experience (VX)

- ▶ Seamless, Efficient, Modern
- ▶ Accessible technology that adapts to me
- ▶ Humanly Verifiable - Humans do not read barcode.
- ▶ Trusted process, Verifiable results

Working side-by-side with election professionals for more than 100 years, Hart is committed to helping advance democracy one election at a time.

Hart's mission fuels our passionate customer focus and a continuous drive for technological innovation. The result is Verity® – truly different election technology. Reimagined from the inside out, Verity Voting promises to provide jurisdictions with a future-proof investment in secure, transparent voting.

# Citizen Voting Experience

## **It Adapted To Me**

Voters can change the language, text size, and screen contrast at any time during the voting process without poll worker assistance.

## **Everyone Could Vote**

Verity Touch is equipped with a full range of accessibility features and streamlined design that eliminates confusing and unnecessary buttons.

## **I Got To Preview My Ballot**

Voters can review the ballot summary at any time, and it's easy to change selections before casting the ballot.

## Verity is Designed for Everyone

Verity technology is equipped with a full suite of accessibility features to ensure every voter can vote privately and independently.

## Streamline Operations and Manage Voter Needs

Pair Controller polling place management with Verity Touch to easily manage up to 12 devices.

# Election Administration Experience

## **Best-in-Class Voter Experience**

Your voters are happier when they have Verity's simple interfaces and uncomplicated processes. Poll workers are happier with quickly familiar machines and step-by-step instructions and alerts.

## **Advanced Efficiency**

No paper ballots to print or transport. Results are secure with redundant storage of data and double-check auditability.

## **Streamlined Workflows**

Just touch, cast and go. No scanning or extra steps. Even provisional ballots are electronic meaning no separate ballots to manage.

## **Self-Serve Ballot Activation**

Voters can activate their own ballot with a simple access code - no preloading required.

## Trust in Hart

"When I looked for **a company that could lead us as we step into the future, Hart was that company.** I have observed the various election providers in meetings and demos, and **Hart is the company that has the strength – not just in equipment, but in knowledge of elections** – to take us to the next level of efficiency and service to our voters."
